

THE IST'S PACKAGE

REGISTRATION FOR THE CEJ 2014

Hello, do you want to become the member of the International Service Team (IST)? You will find some detailed information about the registration here.

An IST member can be any scout/guide who is above 18 years old when the Jamboree takes place (born 3rd August 1996 or older).

The registration itself consists of several steps. First, complete registration form on CEJ website (www.cej2014.cz) which will be made public after 20th February. Then, your registration need to be confirmed by your contingent leader (Head of Contingent – HoC) and the Head of IST Section of CEJ2014. You have to wait for the confirmation of this and then you will receive the information about the payment.

TIMETABLE:

- o 20th February – start of registration
- o 31st March – you will receive the information about payment
- o 30th April – end of registration

Please make sure you complete all the required information and stay focused all the time to provide us with all the relevant information we need or you wish to tell us. Focus on your skills, especially those which can determinate what part of the CEJ you will be working in. Your e-mail address via which the CEJteam communicates with you is also important.

Bear in mind that, as the CEJ is an international event, all communication and registration will be held in English – as this is the official language of the CEJ.

The registration form itself consists of several themes. First, the personal info such as name, age, gender etc. Next theme is language skills, health condition and food preferences.

The third part is specific for IST members and includes T-shirt size, your skills, abilities and preferences for the work you will be doing at the Jamboree. If you are so called pre assigned person, you need to provide us with this information in the registration form! Pre-assignment means that you register yourself as the IST member but in the time of your registration you have your Jamboree job assign (pre-assignment is approved by HoC and the Registration Team of the CEJ2014). Last part of the registration form is dedicated to the expected time, place and way of your arrival to the Jamboree. You will be able to specify this in June.

If you have any other questions about the registration, please do not hesitate to contact us on registration@cej2014.cz, or ist@cej2014.cz in case of any questions that are not about registration.
